

Sanitary measures

Covid 19

Updated on 25/01/2021

Safe-guarding public health.

Safe-guarding public health is the reason why we created this guide.

Given the current climate of anxiety, we have decided to lighten the mood with a cartoon! Although the health measures described are serious, we hope to bring a bit of humour to the situation to help swallow the pill.

Our measures should gradually be reduced, as the (good) news that we hope to receive from the health authorities becomes available, in order to slowly return to the way things were before the virus.

WELCOME TO VIGIPHARM

IN THE CONTEXT OF THE CURRENT EPIDEMIC, CERTAIN PRECAUTIONS HAVE TO BE TAKEN TO SAFE-GUARD EVERYONE'S HEALTH.

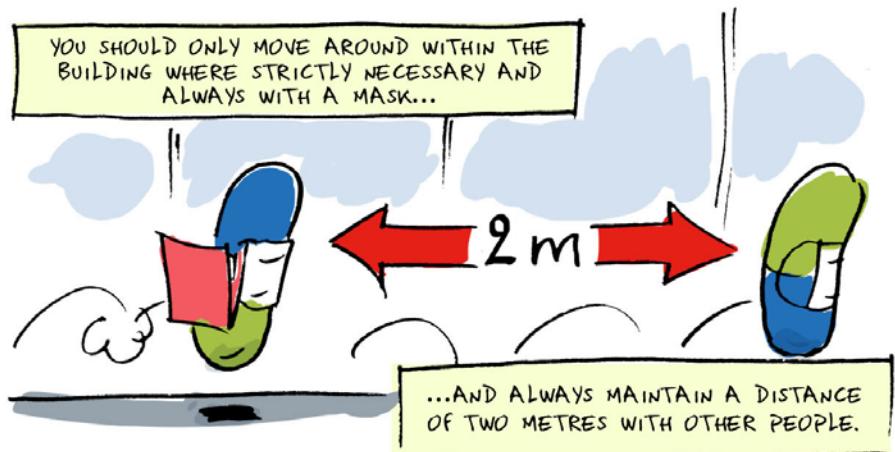

IF YOU'VE FORGOTTEN YOUR MASK (THESE THINGS HAPPEN!) VIGIPHARM WILL PROVIDE ONE.

GETTING AROUND

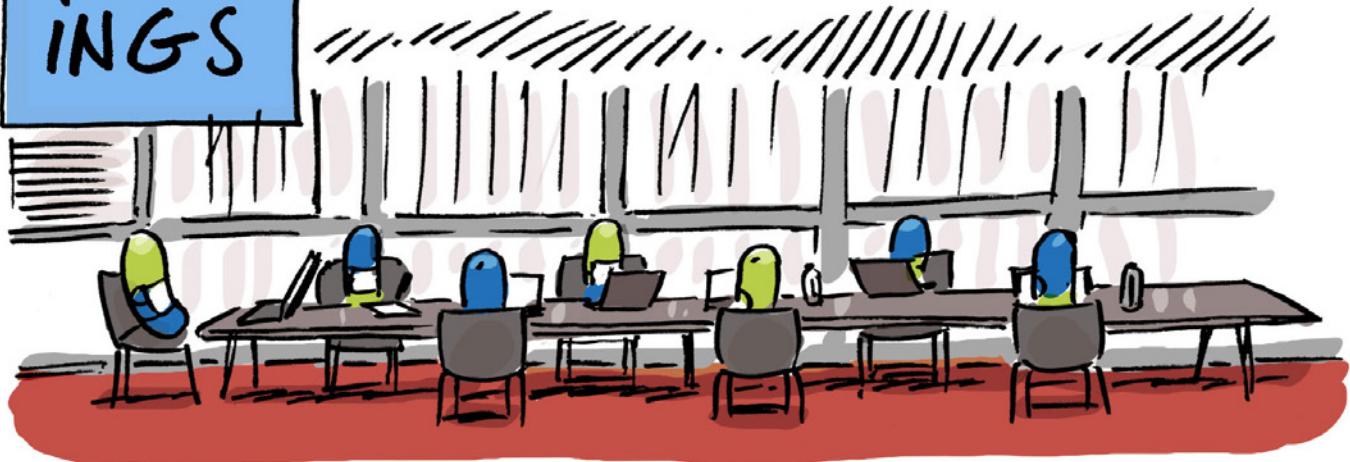

WHEREVER POSSIBLE A ONE-WAY SYSTEM HAS BEEN PUT IN PLACE WITH FLOOR MARKINGS TO HELP AVOID UNNECESSARY CONTACT.

MEETINGS

MEETINGS, TRAINING COURSES OR AUDITS WILL BE HELD IN THE TRAINING ROOM AND WILL BE LIMITED TO A MAXIMUM OF SIX ATTENDEES.

VIDEO-CONFERENCING WILL CONTINUE TO BE USED WHERE POSSIBLE.

As you can see,

we have made every effort to limit contact or prolonged physical proximity between our employees, and also with other people visiting our premises from time to time.

The management has defined our organisational principles, but also relies on the individual discipline of each employee, to scrupulously follow the instructions and respect protective measures.
